THIRD COUNT SATURDAY, MAR. 15.

Now is Time to Get Down to
Hard Work.

The third count comes March 15th. You have golden opportunity knocking at your door, clamoring for admittance. It is up to you.

Have you seen a track meet? The man ahead has set a hot pace, perhaps for his own good. The trailer is coming into his own on that last lap. It is a magnificent exhibition of gameness the man behind gives as he comes from the rear with pounding feet and breath. At the very tape he snatches victory. It is inspiring.

Between now and the closing day of the third count, March 15th, there may be such an upheaval in the standing of the girls that today's leader may be down in the last by that time. They may not. They have shown splendid work in the past and let this be their warning. If they are wise, it will be. Over confidence has beaten more athletes than you can number.

Any of the prizes are worth winning, and are well worth working for. The Climax has pointed out the advantages of this popular voting contest so often that it will not reiterate the wonderful possibilities to the girls who understand the race. It is an opportunity that offers itself but once in a life time.

The contest is nearing its final close, so get busy; don't let the days slip by without having gotten together a bunch of votes. Get your friends busy by getting busy yourself, that's what counts. By your endeavors you get the good will of others, and they in turn, by getting busy, interest others—an endless chain which works for your good.

Every interested merchant and the advertiser has plenty of coupons and is anxious to give them out when the conditions are fulfilled. Ask for the coupons—get your friends to ask for them. Don't let this beautiful Obermeyer piano which the Climax is giving away get away from you. Put on your hustling clothes and most engaging smiles and go after votes.

Remember to have your friends trade with the merchants who are giving the coupons.

Remember that many of our leading merchants are interested in the contest and are giving 25 vote coupons with dollar purchases. Also those who do not understand the rules and regulations of this contest can call at this office or write us and we will be pleased to go over the proposition with them.

Merchants' coupons, counting 25 votes can be procured with every cash purchase amounting to \$1 at

us offers to the various candidates in the contest, same to hold good until Saturday, March 15, at 5 o'clock.

For every seven yearly new subscriptions we will give 10,000 extra votes, making a total of 14,200 votes.

For every seven back subscriptions, 6,000 extra, a total of 8,900 votes.

For every 40 merchants' coupons brought to this office and counted by the publisher or his assistants, a bonus of 1,000 extra votes will be given, a total of 2,000 in all.

One five-year paid-up subscription and two yearly paid-up subscriptions will credit the candidate with the 10,000 bonus vote, or any combination of paid-up new or renewal subscriptions, for more than one year, totaling seven subscriptions, will entitle the candidate to the 10,000 bonus vote.

All of the contestants should get busy and make the most of the time intervening between this date and that of the next count and roll up a large vote. From present indications there is big surprise in store for some one.

Mr. Geoffrey Morgan Chosen

Mr. Geoffrey Morgan, of this county, has been endorsed by both the State and Federal Departments of Agriculture, and has been engaged by the Christian county Crop Improvement Association as the county agriculturist and will enter upon his duties March 10. Mr. Morgan is a native of England and a practical farmer. For a number of years he was employed by the German government as a fertilizer expert. Mr. Morgan owns and operates very successfully one of the best farms in this county. The Hopkinsville Business Men's Association and the fiscal court have arranged for the payment of Mr. Morgan's salary, which we are glad to say is a handsome one, and his services will be at the disposal of all of the farmers of Christian county, whether they are members of the crop improvement club or not. Plans have been made to establish experimental stations at Hopkinsville, Pembroke, Gracey and Crofton. One of the duties of Mr. Morgan will be to supervise the teaching of the rudiments of agriculture in the county schools.

Courts To Decide on Confederate Pensions.

The poor old Confederates are having a hard time getting the small pension of \$10 a month voted them by the last Legislature. The act provides a residence in the State of at least five years, a year's service in the war between the States, or until the close of the war, precludes a pension to veterans worth as much as \$2,500 in property, or an income of \$300 a year, and those with wives able to support them, or are themselves capable of making a living. It takes much time and considerable expense to prove up a claim, as the facts are not always easily procurable.

Up to this time nothing has been paid on them, as there is no money in the treasury available for the purpose, and it looks now like they will be held up by the slow processes of the courts. The bonding companies, which make Audit or Bowditch's bond, have raised the question of validity of the claims, and that official has referred it to Attorney General Garnett, who will, of course, pass the question up to the courts for final adjudication.

There are several provisions in the constitution which seem to be against the pension law, but this one is relied on by the objectors. The Bill of Rights provides: "That no grants of exclusive separate public emoluments or privileges shall be made to any man or set of men except in consideration of public service." In States which have granted pensions to the Confederate veterans where a similar constitutional provision exists, the question has been settled in favor of the old soldiers. But the question is different in Kentucky. The States referred to seceded from the Union and were a part of the Confederacy. Military service was therefore a public service for the States, whereas Kentucky did not secede and Confederate service may not be regarded as the service necessary to overcome the constitutional prohibition.

There are also other sections in the basic law which some think will conflict with the Legislative enactment, especially that which prohibits class legislation. It may, therefore, be a long time hence before the poor old fellows get their pension that a grateful and sympathetic people desire they should enjoy.

Many of them are in need of the necessities of life, and it is a shame that they should be denied a decent support, when the government is so liberal with those who responded to the call of arms. It is to be hoped that the question can be satisfactorily settled and the veterans of the lost cause receive their just due.

Beware of so-called "Special Sales" on "Cotton-felt" or "Felt" Mattresses—said to be the "genuine kind" and offered at such ridiculously low prices as are sometimes seen displayed. Stearns & Foster Mattresses are made of Clean, Sanitary Cotton; felted into hundreds of little webs forming many Springy, Buoyant layers standing nearly three feet high. These layers are then LAID BY HAND and compressed to ONE-SIXTH their original height and encased in the ticking; then tufted to just the proper tension so as to be Soft, yet Firm, half yielding to your figure, but supporting it in perfect relaxation.

You will say—
"I never knew a Mattress could be so Comfortable."
That's just what satisfied users of Stearns & Foster Mattresses are saying. You owe it to yourself to get one and enjoy rest that is Refreshing—Comfortable—Healthful.

You don't have to be put to the expense and inconvenience of sending a Stearns & Foster Mattress away to be "Made Over" or "Renovated." They never require it. An occasional Sun Bath keeps them fresh and clean.

Democracy Comes Into Her Own.

"This is the day I long have sought,
And mourned because I found it not."
Who has not heard the grand old song
commencing with the above lines in the
Methodist churches of this land of the
free and home of the brave? All of us
have and have been thrilled by its beau-
tiful sentiment, and today we have rea-
son to give vent to our feelings and sing
from the house-tops and high places
and give thanks while we do so. After
sixteen long years democracy comes into
her own at this good hour. Blessed day
this. Seems to us that now the sun will
shine brighter, the air will be more free
and, there will be more life for and
that times and things in general will be
better and the goose will hoot even
higher. Let us celebrate the glorious
occasion fittingly and show our appre-
ciation of being spared to again see the
White House occupied by a democratic
President by giving our hearts and souls into
the old "Dixie" with us:

"Praise God from whom all blessings
flow,
Praise Him all creatures here below,
Praise Him above ye Heavenly Host,
Praise Father, Son and Holy Ghost."

How pertinent, very likely expressive
and when sung by the congregation,
will the grand old song of the "Dixie"
be to the nation and the world.

DANVILLE's colored edition, Rev. J. E. Wood, of the Tennessean, is one of the few country newspaper men who was able to scrape up enough money to attend the inauguration today. He did not support Mr. Wilson, on the contrary he is an ardent old-line republican, and just wanted to see how "democrat" would look in the White House. By the way, Wood is an unusually intelligent negro and a first-rate citizen. He is a preacher-editor and that may account for his having the "mon" to visit the nation's capital on this auspicious occasion.

Go on the old republican party. You have been weighed and found wanting; you have sinned away your day of grace. May your shadow continue to grow less until you are entirely lost to view. You are a "has been" of the Jim Jeffries ilk and it is not in you to come back.

Mr. Tarr has not proven himself very great as a getter of votes, especially in his last race, but from all accounts he must be "some" preacher. A man who can preach an interesting sermon on the eve of his retirement, forced as it is, from the highest office in the land as he did at the All Saints Unitarian Church in Washington City Sunday, must not only be a man of parts but must have each part down by rote.

Mr. J. T. Berry is over from Lexington, where he has been spending the winter. He will begin assessing the city's property April 1st and is over to get things in readiness.

PRESCRIPTION

For a Long Life.
This is the prescription for a long life given by an old gentleman in Connecticut, who is ninety-nine years old and still well and cheerful. "Live temperately, be slow to anger, don't worry, take plenty of exercise in the fresh air, and, above all, keep cheerful."

Should the system get run down—digestive organs weak—the blood thin and sluggish, take Vinol, which is a delicious combination of the medicine—body-building properties of cod-livers, with the useless grease eliminated and tonic iron added. We regard Vinol as one of the greatest body-builders and strength-givers in the world for aged people.

Mrs. Mary Ivey, of Columbus, Ga., says: "If people only knew the good number of her friends were present, Vinol does old people, you would be unable to supply the demand; it is the finest tonic and strength-giver I ever used."

We wish every feeble old person in this vicinity would try Vinol on our agreement to return their money if it fails to give satisfaction.

Full 5 o'clock tea Friday afternoon. Those present, besides the hostess, were Mrs. C. E. Dunn, Misses Martha Byrnes, Calie Miller Shaeffer and Julia White.

Miss Mary Anne Collins gave an informal tea Saturday afternoon. Quite a number of her friends were present, including Misses Eunice Catherine Shouse and Daisy Moore Porter, of Lexington.

Dr. and Mrs. Hugh Gibson left Sunday for Rochester, Minn., to spend some time with the Dr. Mayo, the noted surgeon. Dr. Gibson is an intimate friend of the Dr. Mayo.

Mrs. Elizabeth Davis and little daughter, Addie S. Davis, have returned from a month's visit to her father and mother, Mrs. Mary James Deering, of near Cincinnati, and also her aunt, Mrs. Davis, and reports good here.

Mrs. J. B. Cassidy were the hosts at a dance last Thursday night in honor of the young lady boarders of the Lexington Hotel, who were given a colored band. During the evening an elegant two-course lunch was served and delicious included the best known and most popular young men of the town and country. The affair was brilliant in all its details and thoroughly in keeping with the entertainments usually given at the time honored old school.

The young set very greatly enjoyed a dance at the Lexington Hotel Friday evening. The music, which was furnished by a saxophone trio, from Lexington, was good. The floor was like glass, the girls were in their "best bib and tucker" and the boys were Chesterfield in their galleys. It was an altogether pleasant occasion and it was far into the wee-small hours before the happy young folks could get their consent to leave the scene of gaiety.

Miss Jennie Parkes entertained the Sewing Club at an elegant four-course dinner Saturday in honor of her guest, Mrs. Snuffy Hughes, of Lancaster. Those present besides the hostess and her charming visitor were, Messdames A. B. Faris and B. L. Good Court Day Generally.

There were between 2,000 and 2,500 cattle on the Richmond market yesterday and most all sold. Prices ranged from 3-12 to 8c and the demand was good. Quite a number of cattle brought here for court day sold Saturday, and the number would have run up to over 3,500 at the present rate of business. The cattle trade was very active and a large number changed hands at 12-15 to 25-30 cents all the way from 12-15 to 25-30. The crowd was unusually large and a great deal of business was transacted during the day.

Beware of Ointments for Catarrh That Contain Mercury

as mercury will surely destroy the sense of smell and completely derange the whole system when it takes the mucous surfaces. Such a fatal case has been known to occur in the case of a man who used a certain ointment for the cure of catarrh of the nose. He lost his sense of smell and was obliged to use a nasal syringe for the purpose of getting rid of the mercury. He died in a few days. It is a warning to all who are suffering from catarrh of the nose to be careful of the ointment they use. It is better to use a reliable remedy than to risk the loss of one's life. F. J. One Thousand Bottles Beer In Berea. Think Of It!

Deputy Marshall W. M. Mays and Deputy Collector W. T. Short ran into a blind liquor operator at Berea Saturday night who was well equipped for business. He was Clinton Scott, whom they arrested and brought to Richmond and placed in jail. He will have his examination Friday. In his place were found over 1,000 bottles of beer, which were taken in hand. Saturday night was a pretty chilly one for the malt extract, but Scott was said to be doing a good business when Uncle Sam's representatives raided his "soft drink" establishment.

Hookworm More Plentiful Than Fishing Worms in Berea.

The following dispatch is sent from Barboursville, which if correct, shows a terrible state of affairs in Berea: Dr. J. S. Lock, of this city, who is investigating the hookworm parasite in Kentucky under the direction of the Rockefeller Commission and the State Board of Health, has just concluded a twenty-four-day investigation at Berea, Madison county, and reports the crusade for the eradication of the disease the most successful yet conducted. A total of 2,147 examinations were made in Berea, representing 75 per cent of the citizenship and attendance of that city. Of this number, 425 were found to be afflicted with hookworm disease in various stages, 437 with roundworm, 223 with whipworm and 37 with dwarf tapeworm. The number of those afflicted, according to Dr. Lock, is lighter proportionately than investigations have shown in many other sections of the State. The infection among students of Berea College College was found to be 22 per cent.

Coming Attractions at the Grand Opera House.

"THREE TWINS." The offering at the Grand Opera House Tuesday, March 11th, will be the musical comedy success, "Three Twins" which had a run of five months at the Whitney Opera House, Chicago, ten months at the Herald Square Theatre, New York.

"Three Twins" received universal press endorsements on its opening in New York, which immediately stamped it as a high-class attraction. Ashton Stevens, of the New York Journal, said: "Three Twins is a credit to Broadway."

There are more novelties in "Three Twins" than in a dozen musical comedies combined.

No expense has been spared in consummating the attraction and the gowns are said to be the handsomest in America. The music is the most fascinating ever written, and the musical numbers are elaborately staged. The "Cuddle Up a Little Closer Lovey Mia" showing the seven ages of cuddling is one of the most pathetic stage pictures ever produced.

"MADAME SHERRY." When is vaudeville not vaudeville! This conundrum is definitely nailed to a standstill by the reply: When it is a French vaudeville. An evening of face studied with musical numbers which do not hinder, but are genuine stepping stones to the plot—this is the pocket definition of a French Vaudeville.

"Madame Sherry," the comedy with music, which is to be at the Grand Opera House Thursday, March 13th, is described as the first "French Vaudeville" to vault to American shores. It is produced by Woods, Frazee and Lederer, the arrangements of the production being in the hands of Lederer, who made the "revue" style of entertainment famous and planted the seeds of "musical comedy" as now established on this bustling continent.

The cast of players and the novelty that makes "Madame Sherry" a vaudeville is said to be the absence of a regulation electrolytic chorus. Substituting the usual throngs of masculine and feminine posers and dance acrobats will be an assembly of young actresses, whose duties, although minor, will none the less be legitimately connected with the staged topic.

"THE SHEPHERD OF THE HILLS." There is a character in "The Shepherd of the Hills," the dramatization of Harold Dell Wright's novel, which comes to the Grand Opera House Monday, March 17th, called "Preschfin' Bill." Despite the roughness of his character, he has a brand of philosophy that in his way is quite equal to that of "David Harum." Some of his sayings are:

"Some fellows can do mighty big things in a durned little way."

"Every bound has his strong points, but some has none of 'em."

"There is a bond of fellowship in sorrow that knows no conventionalities."

"God 'mighty fixed it somehow so 't' a bird's and varmints don't make no mistake, but left his plumb easy for men and women to make durned fools of the selves."

"It's a good for a feller 't be down in the backwood in a while, if it warn't for 'at we'd get to standin' ' so durned peev'd and straight we'd go 'lumb over backwards."

"In his face was the look of one who had done fought his fight to the finish and war too dead beat 't ever wish it war over."

The Kentucky State Board of Health, in its recent reports, estimated there are in Kentucky 20,000 cases of tuberculosis. Why don't they use Smith's Lung Tonic? Price \$1.00 per gallon. Listen to this statement:

"My daughter was ill for about five years with consumption, we were told she wouldn't live three months. When we commenced the use of Smith's Lung Tonic, she began immediately to improve. She used one gallon and was entirely cured. We had used a number of other things without a success. I cheerfully recommend this medicine as one of the best medicines I ever used in my family."

JUDON W. H. BLASTON, Jackson, Ky.

Philip Baughman, New Philadelphia, Ohio, states:

"I had three specialists to treat my wife; they told me she had tuberculosis or consumption and could not get well. I had used numerous remedies before I sent for the specialist; finally as a last resort, I sent for a gallon of Smith's Lung Tonic. She is now well and has been since December 1911."

Smith's Lung Tonic is just like Smith's Liniment. 40 years test has proven this liniment the best. Who doubts it? The man who has never tried it.

ERECTING HIS OWN MONUMENT.

How Lester Bryant, the Boy Champion Corn Grower of Kentucky, Will Buy His Own Memorial With His Record Crop of Corn.

One very frequently hears the remark, "That fellow is erecting his own monument." No one in the Rockwell neighborhood last summer ever thought that Lester Bryant's record crop of corn would be the means of building him a monument. No one watching a vigorous youngster put his life and soul into the work as he did could have foreseen such an event, and yet it

LESTER BRYANT.

the plans of the Hon. J. W. Newman carry, and they are sure to, the boy will have erected his own memorial. At the funeral of Lester Bryant a few days after his tragic death at Washington Mr. Newman outlined his plan to a few close friends. The plan was so unique and so easy of handling that it was soon after decided upon. Mr. Newman has bought Lester Bryant's crop of fine Kentucky tested, Boone County White seed corn from the boy's father and had Dr. Mitchell, the government expert in charge of the Boys' Corn Club movement, pick out fifty bushels of extra seed corn. This carefully selected stock seed corn will be offered for sale as the Lester Bryant Strain of Boone County White. It will be sold at \$1 per ear. All the money realized from the sale of this remarkable corn will be placed in bank at Frankfort to the credit of the Lester Bryant memorial fund. As there will probably be at least 3,500 ears in the fifty bushels of corn, a magnificent monument is sure to rise in the Rockwell Green cemetery, where the boy is buried.

All orders for the corn should be sent direct to Mr. Newman's Frankfort office. The corn will be shipped to those ordering from Bowling Green.

Kentucky's Boys' Corn Clubs. The Boys' Corn Club movement is only two years old in this state, and yet big things have been accomplished. The Corn club boys, several thousand of them, are enthusiastic; but better than enthusiasm are the results that have come from the work. When the state champions met in Washington this winter at the experts who had charge of the work in the various states, there was naturally a feeling of intense rivalry. Twelve of the southern states that had been pushing the Boys' Corn Club idea for several years, had records of 442 boys that had grown over 100 bushels on an acre. Alabama and Georgia each had over 100 boys with this record to their credit, but both of these states had been organized for club work for the past eight years. It is very gratifying to be able to write that Kentucky, with an organization of only two years, made a splendid record. Fifty-seven boys in Kentucky this past season grew over 100 bushels on an acre. How many adult farmers did that well?

The Easy Laxative

In justice to yourself you should try Rexall Orderlies—your money back if you don't like them. They are a candy confection that really do give easy relief from constipation.

Good health is largely dependent upon the bowels. When they become sluggish the waste material that is thrown off by the system accumulates. This condition generates poisons which circulate throughout the body, leading to constipation, tongue, bad breath, headache, dull brain action, nervousness, biliousness and other annoyances.

Avoid harsh cathartics and physic. They give but temporary relief. They also aggravate the real trouble. They are particularly bad for children, delicate or aged persons.

Rexall Orderlies Come in tablet form, taste just like candy and are noted for their easy, soothing action upon the bowels. They don't purge, grip, cause nausea, looseness, nor the inconveniences attendant upon the use of purgatives. Their action is so pleasant that the taking of Rexall Orderlies almost becomes a desire instead of a duty.

Children like Rexall Orderlies. They are ideal for aged or delicate persons as well as for the most robust. They act toward relieving constipation, and also to overcome its cause and to make unnecessary the frequent use of laxatives. They serve to tone and strengthen the nerves and muscles of the bowels and associated organs or glands.

Make Us Prove It We guarantee to refund every penny paid for Rexall Orderlies if they do not give entire satisfaction. We ask no promises and we in no way obligate you. Your own word is sufficient for us to promptly and cheerfully refund the money.

Doesn't that prove that Rexall Orderlies must be right? You must know we would not dare make such a promise unless we were positively certain that Rexall Orderlies will do money risk attached to a trial of Rexall Orderlies, and in justice to yourself, you should not hesitate to test them.

Rexall Orderlies come in convenient vest-pocket size tin boxes: 12 tablets, 10c; 30 tablets, 25c; 80 tablets, 50c.

CAUTION: Please bear in mind that Rexall Remedies are not sold by all drug stores. You can buy Rexall Orderlies in this community only at our store:

Sothorn and Marlowe at Lexington. To appear at Lexington Opera House for three nights beginning Monday, March 24th.

E. H. Sothorn and Julia Marlowe, the two most important dramatic stars of the English speaking world, are to appear at the Lexington Opera House for three nights beginning Monday, March 24th. This will be the most important dramatic company that has visited Lexington in many years. Mr. Sothorn and Miss Marlowe will present three plays from their plays from their Shakespearean repertoire. On Monday night, Mar. 24th, they will appear in "Romeo and Juliet," on Tuesday night, 25th, "As You Like It," on Wednesday night, 26th, "Hamlet." There will be no Wednesday matinee. Many theatre-goers of this city will doubtless desire to take advantage of this very unusual opportunity of witnessing three of the most popular plays of Shakespeare presented as they will be by two such famous stars. It will be a matter of interest to theatre-goers that the prices to be charged for this engagement will be the same as usually asked by attractions of the first class. It is usual for Sothorn & Marlowe to ask \$2.50 and \$4 for orchestra seats in theatres of small capacity, but the Lexington Opera House has such a large seating capacity that they are able to play at the following scale prices: Orchestra floor \$2, balcony \$2, \$1.50 and \$1, gallery 50c. The orchestra box seats will be \$2.50 each, and the balcony box seats \$2 each. The management has arranged to fill all mail orders accompanied by remittance, in the sequence of their receipt. This great organization when traveling from city to city uses a special train of eleven cars; seven cars of scenery, three Pullman cars for the company, and Mr. Sothorn and Miss Marlowe's private car. Each play is provided with a complete scenic equipment. Those desiring seats should order at once for this engagement, addressing their letters care of Charles Scott, Manager of the Lexington Opera House, Lexington, Ky.
